

Notice of Change in Hours of Operation

The Amader Kotha Helpline will operate from 10 a.m. - 8 p.m. until further notice. Callers can leave a message after regular hours and the call will be returned the next day. A recorded message provides emergency numbers in the event of a fire or other life-threatening emergency.

Helpline officers will work from remote locations as best possible as long as the requirement that offices be closed is in place. We appreciate your support and patience during these very challenging times.
